

User Preferences and Task Optimization Survey

This survey seeks to gather comprehensive insights into user behaviors, preferences, and challenges when performing computer-based tasks. The information collected will guide the development of tools and systems that are efficient, adaptable, and highly user-friendly.

* Indicates required question

1. Email *

2. Name *

3. Are you familiar with using keyboard shortcuts? *

Mark only one oval.

☐ Yes

☐ No

☐ Maybe

4. How frequently do you use keyboard shortcuts in your daily computer usage? *

Mark only one oval.

- ☐ Rarely
- ☐ Sometimes
- ☐ Often
- ☐ Always

5. What are the common tasks for which you use shortcuts? *

Check all that apply.

- ☐ Copy / Paste / Cut
- ☐ Saving files
- ☐ Opening applications
- ☐ Controlling volume or brightness
- ☐ Others (please specify)

6. Have you ever faced difficulty remembering multiple shortcut keys for different applications? *

Mark only one oval.

- ☐ Yes, frequently
- ☐ Occasionally
- ☐ No

7. What challenges do you face while using existing shortcuts? *

Mark only one oval.

- ☐ Difficult to memorize
- ☐ Not customizable
- ☐ Conflict between applications
- ☐ Limited function coverage
- ☐ Others (please specify)

8. Which features would you like in a user-defined shortcut system? (*Select all that apply*) *

Check all that apply.

- ☐ Add / Edit / Delete shortcuts easily
- ☐ Visual interface for assigning keys
- ☐ Shortcut profiles for different applications
- ☐ Auto-detection of key conflicts
- ☐ Cloud backup of shortcut settings
- ☐ Integration with external devices (e.g., ESP32, Arduino-based keyboard)

9. On a scale of 1 to 5, how important is customizability to you in a shortcut system? *

Mark only one oval.

1 2 3 4 5

Not : ☐ ☐ ☐ ☐ ☐ Very Important

10. What type of interface would you prefer for configuring shortcuts? *

Check all that apply.

- ☐ Software application (GUI on PC)
- ☐ Hardware buttons or touch interface
- ☐ Web-based interface
- ☐ Mobile app

11. Would you prefer hardware-based shortcut triggers (like programmable keys) or software-only shortcuts? *

Mark only one oval.

- ☐ Hardware-based
- ☐ Software-only
- ☐ Both

12. How many custom shortcuts per software would you ideally need? *

Mark only one oval.

- ☐ 1–5
- ☐ 6–10
- ☐ 11–20
- ☐ More than 20

13. Any additional suggestions or specific requirements you would like to share? *

14. Do you consent to your responses being used for academic project analysis purposes? *

Mark only one oval.

☐ Yes

☐ No
